Sir:

In the matter of the above-identified application, applicants, through their undersigned representative, are submitting herewith copies and a listing therefor, in form PTO/SB/08a, of two (2) U.S. Patents and an English language publication that are of record in presently allowed U.S. Patent Application Serial No. 10/166,311, filed June 11, 2002, which is a divisional application of the present application (the claims thereof are drawn to a method), in keeping with the duty of disclosure/candor requirements and in order to complete the record. There are also listed the two (2) publications which were earlier discussed and copies of which were submitted in connection with the amendment filed on December 19, 2002. However, a listing thereof was not included therewith, at that time.

This information disclosure statement is being submitted prior to the mailing of either a final action on the merits or an official Notice of Allowance and, accordingly, is in compliance with 37 CFR §1.97(c). An appropriate fee directed thereto is also being

submitted herewith.

As to the requirement of 37 CFR 1.98(a)(3) for a concise explanation of the relevance to the extent that the listed publication directed to the handbook on Liquid Crystal Display Panel Manufacturing Technique is not in the English language, this is met by: the submission of an English translation of Table III and of a part of the description thereof as well as the pertinent discussion earlier included in the Remarks on page 14 of the Amendment filed on December 19, 2002 as well as in the first full paragraph on page 8 of the presently filed Declaration (under 37 CFR §1.132).

It is submitted this IDS is in compliance with the rules of practice as well as with USPTO guidelines. Therefore, applicants respectfully request that it be entered and duly considered by the USPTO. Also, acknowledgement of such entry as well as of formal consideration thereof by the Examiner is respectfully requested.

Please charge any shortage in the fees due in connection with the filing of this paper to the deposit account of Antonelli, Terry, Stout & Kraus, LLP, Deposit Account No. 01-2135 (Case: 566.40894X00), and please credit any excess fees to such deposit account.

Respectfully submitted,
